Edmonton, Alberta, July 13, 1932.

I have audited the books and records of the Provincial Sinking Fund for the year ended March 31, 1932, and the above balance sheet is correctly prepared therefrom. All contributions have been made during the period in accordance with the various statutes and Orders-in-Council in force.

Securities have been verified by actual inspection. Cash was verified by bank certificate. Accrued interests represents amount actually realizable if securities were sold. Book values of securities represent original cost with amortization of premium or discount calculated to March 31, 1932.

The above balance sheet represents cash and securities. The fund possesses an additional asset of \$350,973.96, representing statutory contributions accrued but not due at March 31, 1932. This amount was charged to and forms part of the expenditure of the Province for the year ended at that date.

I certify that, in my opinion, the above balance sheet is properly drawn up so as to show the sinking fund available and applicable to the redemption of the bonded debt of the Province at March 31, 1932.

(a) Authorized values of the Dominion Government, Department of Insurance, for use in Insurance, Loan and Trust Companies, as published by the Dominion Government on January 2, 1932. Valued on this basis, the Fund investments amounted to \$5,112,862.92, or \$79,882.69 less than the actual book value to the Province.

Edmonton, June 7, 1932.

I have audited the books, vouchers and records relating to the Special Investment Fund established under the provisions of Section 29 of The Treasury Department Act for the year ended March 31, 1932, and the above statement of investments and accruals is correctly prepared therefrom. During the period all securities purchased, sold, or retained have been checked and examined. Securities on hand at March 31, 1932 were verified by actual count on that date. Premiums and discounts have been amortized so as to bring all securities to par value at date of maturity.

STATEMENT No. 18—Continued

Loss on operation of the Fund for the period is as follows:	
Net revenue from interest received, less amortization of premium and discount	\$ 294,373.71
Add: Interest accrued March 31, 1932, less accrued amortizations	69,238.85
	<u>\$ 363,612.56</u>
Less: Interest accrued March 31, 1931, less accrued amortizations	81,730.70
Net interest earnings	<u>\$ 281,881.86</u>
Deduct:	
Net loss on sale of securities	86,628.64
Net revenue for the year	<u>\$ 195,253.22</u>
Deduct:	
Interest on invested capital at average rate paid on Savings Certificates (4.3423%)	250,501.50
Net loss for the year	<u>\$ 55,248.28</u>

Following the practice with respect to provincial revenue, only earnings and profits actually received have been taken into general revenue account, but in order to prepare a correct statement of the earnings of the fund, interest earned but not received has been included in the above statement.

I certify that, in my opinion, the above statement correctly summarizes all transactions relating to the Special Investment Fund for the year ended March 31, 1932, and correctly sets out the value of the securities at that date.

Provincial Auditor.

NOTE: In the preparation of the above statement purely financial transactions, in connection with the refunding of temporary loans, savings certificates, or debentures are excluded both from receipts and payments, otherwise both sides of the statement would be inflated by large figures of no practical value. For example, in instances where debentures were floated to refund maturing issues only the net increase in debt is shown under capital receipts.

Edmonton, July 27, 1932.

I have audited the books and records of the Egg and Poultry Marketing Service in liquidation for the year ended March 31, 1932, and the above Balance Sheet is in accordance therewith.

The following are shown on the Balance Sheet at book values:

Plant and Equipment at Lethbridge	\$ 377.88
Egg Cases and Fillers	198.37
Assets taken over by the Alberta Poultry Pool, Ltd.	17,376.58

I am informed that no value exists in respect of Plant and Equipment at Lethbridge, and Egg Cases and Fillers, and that assets taken over by the Alberta Poultry Pool, Limited, are carried at book values pending completion of negotiations.

As far as can be determined at this date, only a small proportion of the book value will finally be realized.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the financial position of the Egg and Poultry Marketing Service as at March 31, 1932, according to the best of my information and the explanations given to me and as shown by the books.

Edmonton, Alberta, August 1st, 1932.

I have audited the books and records of the Wheat Board Monies Trust Account for the year ended March 31, 1932, and the above Balance Sheet and accompanying statement of Revenue and Expenditure are correctly prepared therefrom.

Investments of the Board consist of Lethbridge Northern Irrigation District 6% bonds due May 1, 1951, having a par value of \$29,000.00. The bonds are shown at book value of \$34,120.53, which represents original cost with amortization of premium calculated to March 31, 1932, and had a market value at March 31, 1932, of approximately \$27,410.80.

Repayment of the advances of \$9,000.00 to the Alberta Oil Consumers Co-operative Association, Limited, and \$14,228.00 to the Alberta Co-operative Wholesale Association, Limited, is doubtful.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is drawn up so as to show the financial position of the Wheat Board Monies Trust Account as at March 31, 1932, and the accompanying statement of Revenue and Expenditure fairly states the result of operation for the fiscal year ended at that date.

Edmonton, Alberta, August 2, 1932.

I have audited the books and accounts of the Alberta Liquor Control Board for the year ended March 31, 1932, and find that the above Balance Sheet as at that date, and the accompanying Profit and Loss Account, are in accordance therewith.

Stocks of liquor and beer in warehouses and stores at March 31, 1932, were valued at duty paid cost. To provide for losses due to exchange fluctuations, a reserve of \$26,678.43 has been set up.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the financial position of the Alberta Liquor Control Board as at March 31, 1932, and the annexed Profit and Loss Account states the result of operations for the year ended at that date.

All my requirements as Auditor were complied with.

JAMES C. THOMPSON, C.A.,
Provincial Auditor.

STATEMENT No. 109—*Continued*

Edmonton, July 8, 1932.

I have audited the books and records of the Alberta Government Telephones for the year ended March 31, 1932, and the above Balance Sheet and accompanying statements of earnings are correctly prepared therefrom.

Operations for the year resulted in a net loss of \$615,281.46, increasing the net corporate deficit to \$654,952.11.

Charges against earnings for depreciation for the year under review amounted to \$947,023.45, as follows:

Direct appropriations	\$823,766.29
Sinking fund contributions	123,257.16
	<u>\$947,023.45</u>

During the year only actual additions were charged to plant. Replacements and renewals and extraordinary repairs were charged to depreciation and renewal reserve in accordance with established telephone accounting practice.

Plant in service now amounts to \$24,024,851.75, and depreciation is provided for to the extent of the existing depreciation and sinking fund reserves, amounting in all to \$2,796,900.77.

The existing provision for depreciation consists of an annual charge of 3½% of plant in service plus ½ of 1% set aside in respect of debenture debt. In my opinion, the amount provided will prove inadequate to meet future charges, and the annual provision should be increased accordingly.

With respect to the amount placed in the sinking fund, it is pointed out that the total sinking fund as at March 31, 1932, was more than offset by intangible assets and was, therefore, not available for depreciation purposes.

A physical inventory of central office equipment amounting to \$2,308,500.48 was taken by officials of the Alberta Government Telephones during the year under review. The units of plant inventoried were priced at cost, and the resulting total showed very slight variation from the capitalization records. No complete physical inventory has been taken since the Wray appraisal in 1918 and, in my opinion, an inventory of pole lines should be completed without delay.

Borrowings from the depreciation and renewal reserve fund for the purpose of financing construction amount to \$1,289,239.98. Interest at 5% is provided on these borrowings.

A physical inventory of supplies was taken on January 31, 1932, and priced at cost. The records were adjusted accordingly. Units of plant in workable condition, taken out of service, are returned to stores at average cost without further allowance for depreciation or obsolescence. A proportion of the current inventory is made up of items of this nature.

The pension fund is not arranged on an actuarial basis, and examination of estimates and statistics indicate that the yearly contributions have not been sufficient to provide for future requirements.

Reserve for uncollectable accounts receivable amounts to \$24,256.46, and is, in my opinion, inadequate.

No provision has been made in the above Balance Sheet in respect of premium on debenture interest payable in New York and maturing on April 1, 1932, or for accrued premium on interest maturing at a later date.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the financial position of the Alberta Government Telephones as at March 31, 1932, and the accompanying relative statement of earnings fairly states the result of operations for the fiscal year ended at that date.

JAMES C. THOMPSON, C.A.,
Provincial Auditor.

Edmonton, July 5, 1932.

I have audited the books and records of the Lethbridge Northern Colonization Manager for the year ended December 31, 1931, and the above Balance Sheet has been correctly prepared therefrom.

During the year adjustments were made in the books of account to eliminate accounts arising from appropriations of the Legislature, and the above balance sheet reflects the position of funds arising from the bank loan, guaranteed by the Province. Old agreements receivable were cancelled. New agreements for sale of land under Chapter 78, 1931, are not yet reflected in the books.

I certify that, in my opinion, the above Balance Sheet shows the financial position of the Colonization Manager loan funds as at December 31, 1931, according to the explanation given to me, and as shown by the books.

JAMES C. THOMPSON, C.A.,

I have audited the books and records of the King's Printer's Advance for the year ended March 31, 1932, and the above balance sheet and accompanying profit and loss account are correctly prepared therefrom.

I certify that, in my opinion, the above balance sheet is drawn up so as to show the true financial position of the King's Printer's Advance as at March 31, 1932, and the accompanying profit and loss account fairly states the result of operations for the fiscal year ended at that date.
